## PROFESSIONAL TRAINING

**IsDB-BISEW IT Scholarship Programme**

Web and Mobile Application Development (Spring Boot, Android & Flutter)

May 2023 – May 2024

## EDUCATION

**University of Dhaka, Bangladesh**

Post Graduation

July 2020 – June 2021

**University of Dhaka, Bangladesh**

Graduation

July 2016 – June 2020

## PROJECTS

**Pharmacy Management System**
Angular, Spring Boot, MySQL
Backend Repository | Frontend Repository

**Smart Budget and Investment Tracker**

Python, Flask, SQLite
Live Demo | GitHub Repository

## PROFILE

Full-Stack Developer with experience in Java and Python, using frameworks such as Spring Boot, Angular, and Flutter. Proficient in building scalable web and mobile applications with solid knowledge of frontend, backend, and database systems. Experienced in Agile collaboration, delivering secure, high-performance solutions with strong communication skills.

## WORK EXPERIENCE

**Computer System Network Limited, Bangladesh**

Assistant Software Programmer                (2024 - PRESENT)

BRTA IS & BSP

- Developed and maintained enterprise-level web applications using the Spring MVC framework, following RESTful design principles and industry security standards.
- Implemented interactive and responsive user interfaces using modern JavaScript libraries and frontend frameworks to enhance usability and performance.
- Identified and resolved client-side and server-side integration issues to ensure smooth request handling and consistent application behavior.
- Designed and optimized database queries using Oracle SQL and Spring's JDBC abstraction for secure and efficient data access.

RAISE Project

- Developed and maintained enterprise-grade applications using Java and Spring Boot, following layered architecture, RESTful design, and security best practices.
- Integrated Vue.js–based frontend applications with Spring REST APIs and MS SQL Server, ensuring scalable and efficient data exchange.
- Implemented robust business logic with proper validation, transaction management, and role-based access control.
- Collaborated in Agile teams using Git-based version control, contributing to code quality, performance optimization, and stable production releases.

## SKILLS

- Programming Languages: JavaScript, Java, Python, C+
- Frameworks & Libraries: Spring Boot, Flask, Angular, VueJS, NodeJS
- Databases: MySQL, Oracle, SQLite
- Web Development: HTML5, CSS3
- Mobile Development: Flutter, Android
- Product Management: JIRA, Agile Methodologies
- Miscellaneous: JSP, JSTL, Git, REST API
